Burnsville/Eagan/Savage School District Selects ATS&R

Minneapolis, MN – December 17, 2008 – The Burnsville/Eagan/Savage School District recently selected ATS&R Planners/ Architects/ Engineers to provide architectural and engineering services. These services will include assisting the district in updating their comprehensive deferred maintenance plan and leading a comprehensive facilities capacity study and utilization analysis with the district’s facilities utilization task force.

Paul Snyder, AIA/CID/NCARB/REFP, ATS&R Partner, will lead the project team. Other ATS&R team members include Partners David Maroney, AIA/NCARB, and Mark Hayes, AIA, and Educational Planner, Pat Hanauer, REFP.

“We are excited to work with the District on updating their long-range facilities plan. With extensive experience in facility planning for educational needs, cost estimating, project design and management, our team will bring a fresh approach to this process,” remarked Paul Snyder, ATS&R Partner and Project Principal. “Our participatory planning process will help the District build consensus with the community.”

ATS&R is an architecture and engineering firm specializing in educational facility design since 1944. The firm’s services include architecture, educational facility planning, mechanical engineering, electrical engineering, interior design, technology, site development, field administration and total energy checkpoint.
