TKDA Announces Hire of New Corporate/Industrial Group Manager

SAINT PAUL, MN – TKDA, an engineering, architectural, and planning firm has announced that Brian Fitzgerald, AIA, CSI, LEED AP has joined TKDA to lead the firm’s corporate/industrial market. Fitzgerald is an industry veteran with extensive experience leading and managing the design of public and private projects including: research and development, corporate, manufacturing, distribution, public transportation, and K-12 education and higher education facilities.

According to Tom Stoneburner, Vice President of TKDA’s Facilities Division, “Brian has a strong portfolio of work within a range of markets and has served many key clients nationwide. I am confident he will strengthen our firm as we continue to serve, improve, and grow our corporate/industrial market.”

Fitzgerald holds a Bachelor of Science degree in Architectural Engineering Technology from Wentworth Institute of Technology College of Design and Construction and a Master of Architecture from the University of Minnesota. He is an active member of AIA Minnesota, Construction Specifications Institute, and Saint Paul Area Chamber of Commerce’s leadership academy.

TKDA is an employee-owned engineering, architecture, and planning firm headquartered in Saint Paul, MN. With nearly 180 employees, they deliver solutions nationwide to clients who want single source, integrated services in eight key markets: Aviation, County Government, Education, Corporate/Industry, Military, Municipal, Rail and Transit, and State/Federal Government. With 100 years of experience delivering the highest levels of services to their clients, TKDA is ranked among Engineering News-Record’s Top 500 Design Firms.
