

Matt Anderson

Matt Anderson earns Registered Roof Observer (RRO) title

MINNEAPOLIS (February 2009) – Braun Intertec Corporation is proud to announce that Matt Anderson, a roofing specialist in the Building Sciences Group, recently earned the title of Registered Roof Observer (RRO) from RCI, Inc. RCI, Inc. is an international association of professionals specializing in the specification and design of roofing, waterproofing and exterior wall systems.

At Braun Intertec, Mr. Anderson is involved with investigation, evaluation, design and inspections of new and existing roof projects. He has more than 10 years of roof consulting experience, and has worked on a number of roof projects for schools, government and retail buildings.

Mr. Anderson earned the RRO designation by meeting the requirements of a two-part program based on an application process and the successful completion of a challenging examination.

Based in Minneapolis, employee-owned Braun Intertec (braunintertec.com) is a premier engineering and environmental consulting and testing firm that has about 400 employees located in four Twin Cities offices as well as in Hibbing, Rochester, Mankato and St. Cloud. The firm also has offices in Bismarck and Fargo, N.D., La Crosse, Wis., Decorah, Iowa and Detroit.
